The school have more than 50+ members and staff and to comply with the current [Schools Coronavirus \(COVID-19\) Operational Guidance](#) in the Summer Term 2021 and to ensure compliance with the **Health and Safety Executive (HSE)** a copy of this risk assessment has been placed on the school website.

Persons covered by this assessment – **The School Community, visitors, professionals, and contractors working in/attending the school site to provide support etc.**

COVID-19 is a virus which has serious effects which debilitates those who have caught it and causes immense distress both physically and mentally. The UK has suffered huge fatality rates.

**The virus is thought to spread mainly from person-to-person.**

- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes, or talks.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
- COVID-19 may be spread by people who are not showing symptoms.

**The school will continue to comply with existing statutory obligations in order to protect workers and others from risks to their health and safety.**

3)Day to day infection control.			
03/09/2021	Flu vaccination	-For the 2021/22 season, the flu vaccination programme which already includes all children in primary school will be expanded to those in Years 7 to 11 at secondary school. Vaccinating children is a cost-effective way of reducing transmission of flu and therefore reducing illness and death from flu. <a href="#">Flu vaccination 2021 to 2022: Programme briefing for schools</a>	<b>- Children to receive their Flu vaccines in school in October</b> <b>- Staff to be offered the flu jab in school in November</b>
5)Ventilation around the school site and on public/dedicated transport			
03/09/2021	Poor Ventilation		-Ensure that windows can be safely opened. - <a href="#">HSE ventilation video</a> to be shared with staff members. -Ensure ventilation grids/extractor fans are kept clean, so that the air supply is not obstructed. -Air handling units to be set to maximise outdoor air over circulated air. - Repairs to windows to ensure they all open fully carried out during the summer holiday
	Thermal comfort		-Consider on hot, still days, where there is little or no breeze, if safe to do so a fan can be placed next to an open window to draw in fresh air from outside and circulate it around the room.
	Small working groups		-Where rooms are accessed that do not have windows, consider reducing the number of staff/pupils working out of the room. - All rooms have ventilation either via window or an open door.
6) Cleaning carried out on the school site			
03/09/2021	Cleaning schedule on the school site		-Ventilation grids/extractor fans to be included in the cleaning schedule.
11)Professionals/Visitors and Contractors on site.
